Quick Quotes

Q. Seamus, some good highlights of your round today. If you could just take us through the eagle, and then I didn't know what happened 18. I saw you hitting and you came way with a birdie. If you could just talk about the round a little bit.

SEAMUS POWER: Yeah, it was a little loose today. It was a strange round. Probably hit it better early on and didn't really make anything happen, and then I didn't hit it great on the back but holed out a bunker shot on 14 for eagle, and then, yeah, miraculous up and down for birdie there on the last hole.

All in all kind of up and down day. A little bit of work to do on the range, but pleased with the result.

Q. I know I asked you yesterday, but you still feeling good about your game, the direction it's heading in?

SEAMUS POWER: Yeah, pretty much so. Couple loose swings come in, kind of hung a couple shots, but besides that it's been simple. Not making a lot mistakes.

So keep that up tomorrow and maybe knock in a few putts and we'll see.
