Quick Quotes

Q. First, overall impressions of your round today?

JERRY KELLY: I sucked. I hit the ball awful. I missed most of my putts on the front side. Luckily made some good up-and-downs and hit it close a couple times on the back, just a couple birdies and getting up and down. It was really, really awful. I haven't figured out whether I'm going to go dig it out of the dirt or the bottom of a bottle of wine, but I'll let you know how it goes.

Q. You kind of came into this tournament kind of expecting you had said like, oh, Midwest course, kind of a challenge. Was that kind of what you were expecting? Maybe not the result, but just the course?

JERRY KELLY: I told them it was a really hard golf course. This is the toughest golf course we've played all year by far. They were generous with the tees, which was nice, but I think it's tough. Those are some good rounds out there. Somebody is always going to shoot that. Basically, 5-under could win by the end of the week, so just keep playing.
