Quote Quotes

Q. Walk me through that round.

SHANNON JOHNSON: Yeah, I hit the ball great. My short game just let me down. I don't know. Couldn't chip on that front side and couldn't make a putt anywhere. Just, yeah -- she played great, so it is what it is.

Q. How far was the putt you made on 18 to send it into extras?

SHANNON JOHNSON: I would say probably 12 feet or so. Obviously hit the first one by with a lot of steam, and obviously you've got to make the next one so you can hit it with whatever pace you want and line, so that was good. So that was probably the only putt I made in the last two days.

Q. Stings right now, but still played some amazing golf, and to fight back and tie that match was incredible. What are some of the takeaways from today?

SHANNON JOHNSON: Yeah. I think I just -- I've got to learn to be more calm and obviously just getting a little too tense on short game stuff. So just got to work on that, I think, for the future.
