Quick Quotes

LUKE LIST: It was unfortunate to end like that. Didn't have a great number in the bunker, and then to hit it in the water was a little disappointing. But I played really solid all day, so I was happy with that.

Q. Was there a particular shot today that really stood out?

LUKE LIST: Not particularly. I made a lot of the putts that I haven't been making pretty much all year, so I made a lot of 6- to 12-footers, which was really solid, kept the round going in the right way.

Q. (On 50-year anniversary of the tournament.)

LUKE LIST: Yeah, Clair Peterson is one of the best tournament directors on TOUR. A long time ago he gave me a sponsor's invite back in the day right out of college. This tournament always holds a special place to me and glad to be here this year. And 50 years is incredible, so hopefully there's another 50 more.
