Quick Quotes

Q. Just comment on the closing stretch there.

BROOKS KOEPKA: Yeah, I mean, that's what you've got to do. I never give up, never think you're out of it, and you've just got to battle through it no matter what you're doing. That's part of why you're out here. You're a pro, you just sack up and do it.

Q. It got really windy after the delay. Just comment a little bit on the conditions before and after.

BROOKS KOEPKA: Yeah, obviously it got I felt like a little bit tougher, kind of after the restart. But that being said, the way J.T. played today was pretty impressive. He had control of his flight, put it beneath the hole, and that's what you've got to do. I thought it was out there, and you could definitely shoot a good number.

Q. Talk about the decision to play next week.

BROOKS KOEPKA: Yeah, I'm pretty far down in the FedExCup and need to make a run. I think it's pretty simple. I didn't plan on playing, but things change, and I'd like to be in Atlanta. That's what you've got to do; I'm going to basically run the table.
