## Tiger Woods

### Quick Quotes

**Q. What were your impressions of playing with Bryson today, and were there one or two shots that stood out to you that he hit today?**

TIGER WOODS: He didn't really step on any today. He hit a couple good ones but nothing that he stepped on because the front nine doesn't really allow it.

**Q. Did he try and explain anything to you about what he's been working on, and how did those conversations go?**

TIGER WOODS: No, I never asked and we didn't really talk about it. We talked about a lot of other different things and just had a normal practice round.
