## Seamus Power

### Quick Quotes

#### Q. Did you watch the leaderboard?

SEAMUS POWER: No, I don't really pay too much attention. I don't know how many points I am behind, but birdied the last which is disappointing, but it happens. It was a tough hole there today. I was hitting 3-iron in and just kind of tweaked it enough. Disappointing.

#### Q. You don't seem too bothered. You were playing Mondays not that long ago; so is this all gravy?

SEAMUS POWER: Absolutely, for me there was nothing to lose and only to gain. I didn't quite gain enough. Just didn't have my best game and that's what cost me. It's a strong field. Guys making birdies all over the place and I wasn't able to get it close, on the last, perfect example, just needed a good iron, it wasn't there.

It what is it is. I gave it my best. Bogey at the last disappointing but in a few days I'll be feeling better about it.

#### Q. Such a long season and you hit so many shots and it's probably going to be one shot; maybe it's this week or maybe it's somewhere else. Is there one that jumps to mind, if you could have that one back?

SEAMUS POWER: This week it would be tough because I just didn't -- I hit quite a few -- I didn't play my best. I had quite a few poor shots. I putted very well which kept me in it better than I should.

#### Q. You didn't miss a one-footer somewhere?

SEAMUS POWER: I guess a missed a short putt to miss the cut at Pebble, who knows, that's back in February. That is golf, isn't it, one shot here and there. And sometimes on a Thursday morning, you miss one and it's like, geez, I'd love to have that.

#### Q. What was it like to get into the Playoffs?

SEAMUS POWER: It was great. It was my second time in the Playoffs, and really first time with a chance to advance

to the penultimate one. So it was different for me. These are the fields you want to be playing in. I wish I had my best game coming in here, give yourself a chance, but I was able to hang in there. Solid week, nothing special, but something to build on for next season.
