Q. Just hot was that putter today?

ABRAHAM ANCER: You know what, it's nice to make putts. Definitely on a golf course this long and soft, for me to be up there, I've got to be making a lot of putts. I'm happy it's working. Feel good over the ball on the greens.

Striking it nicely, too, off the tee. And my irons are working, as well.

Overall pretty solid.

Q. How do you feel about where you're standing on the leaderboard? You've got pretty much two guys that have set themselves apart from the field and then there's a whole bunch of you guys grouped there at 17-under.

ABRAHAM ANCER: Yeah, I mean, no matter what, how the course is playing you've just got to shoot a low one and just see what happens. I mean, I feel good. I feel like I played really well. I don't feel like I -- I mean, I should be 20-, 22-under or something. I feel like I made the most out of my rounds for the most part, and just hoping for a really low one tomorrow and just see what happens.

Q. Is there anything that you want to improve on?

ABRAHAM ANCER: Maybe hit it maybe 30 yards farther would be nice. Other than that, it's all good.
