# TOUR CHAMPIONSHIP

#### Q. How would you characterize your round?

CAMERON SMITH: Hit it pretty good at the start. It got a little bit away from me at the end, I think. I didn't hit very many good shots coming in. I was out of position a lot off the tee on the back nine and kind of had to scramble my way around.

So I did a pretty good job of it, but I would have rather have had another nine like the front nine.

#### Q. What was your mentality coming into this first round with the staggered start?

CAMERON SMITH: I think you just got to treat it as you're five shots behind after one round and, I mean, there's nothing you can do about it. You just got to go out there and play your best golf and hopefully it all works out.

#### Q. Is it strange to kind of start that way?

CAMERON SMITH: It's a little bit strange, but after today, we all forget about it and we're ready to go the next three days. So yeah, a bit odd, a bit, does your head in a little bit, but, yeah, it is what it is, man.
