### Quick Quotes

**Q. Talked with you last week at the BMW, and you talked about your excitement coming in here. You had a great week. How are you feeling after your first time at East Lake?**

SEPP STRAKA: Yeah, pretty excited. I had played here a few times before and I knew the course kind of suited me pretty well.

Honestly didn't have my best game this week, but I just kind of put it together. When the driver was off, my putter was on, and when my putter was off my driver was on, so I never really got in trouble, which was nice. Kind of pieced it together.

And yeah, overall very happy with the week.

**Q. Home state. You were talking last week about being excited to get back in front of some Dawgs fans. What was the atmosphere like this week?**

SEPP STRAKA: Yeah, it was awesome. A lot of Georgia fans, a lot of friends from high school, and family and friends that came to watch. The support was huge, and it was a great time.

**Q. Special season for you; as you finish it up, your thoughts and your feelings, what are the emotions running through you as you recap a great season?**

SEPP STRAKA: Yeah, it's a dream come true, really this season. I accomplished so many things I wanted to do in my life, and to be able to finish it off competing out here kind of close to the top at least was a special way to end it.
