Q. Can you sum up your week for us?

TAYLOR PENDRITH: Yes. Played pretty solid all week. Played really good today, especially on the back nine, and hit two really good shots on 18 and walked out of there with a 6, which is a little disappointing right now, but overall, yeah, really good week for my first time here, and played some really solid golf.

Q. How do you feel about your chances of maybe being on Mike's team? You're the only Canadian here in the TOUR Championship. That's got to be worth something.

TAYLOR PENDRITH: Yeah, I hope so. It was a huge goal of mine at the start of the year to make that team and do it under Mike in Canada. We'll find out in a couple days, but I'm really hoping so.

Q. What did you learn from two years ago that you would like to apply to having a home game?

TAYLOR PENDRITH: Yeah, I think just trying to get comfortable. Obviously that was the biggest stage I've ever played on at the time in my career, and I've played in some big events this year and feel like I've become more comfortable each week.

I learned that the American team was much better at putting than us that week. Yeah, try to work on my putting a little bit, but got lots of confidence from there. I did play pretty good golf some of the days and walked away with obviously an awesome experience, and getting comfortable playing on a big stage, and I hope to do it again.

Q. Do you anticipate the next 24 to 36 hours to be stressful waiting on that call?

TAYLOR PENDRITH: Yeah, probably. Yeah. You know, like I said, it's a huge goal of mine, and to do it under Mike, him being Canadian and having the history at that golf course, I mean, I really hope to get that call.
