## Min Woo Lee

### Quick Quotes

**Q. Alongside Min Woo Lee who contributed a half a point. I know the Cup is over but how much did you want to contribute to your team today?**

MIN WOO LEE: Of course you want to contribute as much as -- I wanted to, of course. I wanted to play every day. But full trust in the team, and yeah, the boys were playing really good. People have said they would have loved me out there, but I would have loved to, too, but I had a good rest and then came out, tried to win my match today.

**Q. Some were surprised to see you sat for the last two days. How did you handle that?**

MIN WOO LEE: Just like anyone would. You can get a little upset about it, but again, you're a team. The boys played amazing on Friday. They came back with a 5-0 sweep to a reverse. They were playing great golf, and fair enough; why wouldn't you play those guys in the morning, and obviously they did well in the foursomes in the afternoon. All credit to them. Yeah, next time. Play a little bit better and then I'll be there.
