

# Sony Open in Hawaii

Friday, January 15, 2021

Honolulu, Hawaii, USA

Waialae Country Club

## Eric Dugas

### Quick Quotes

#### Q. Interesting round for you?

ERIC DUGAS: Good way of putting it.

#### Q. How would you describe it?

ERIC DUGAS: I played solid for the most part. Couple bad swings at the wrong time and then one, I guess you'd call it a bad break but shouldn't hit where I hit it. Had to take an unplayable and moved on. Actually played fairly well today. A couple holes got me.

#### Q. Is that your biggest takeaway is that you played well, but just some bad breaks?

ERIC DUGAS: Not even bad breaks. Bad swings. The one on, I think it was 14, kind of in between the tree roots, take an unplayable there, but shouldn't hit it there, anyway.

I'm playing fine. There's no reason I go to work every day and I'm at a golf club, but I felt good about the way I played. I just didn't make the putt at the right time to keep the round going so kind of fell into that pit.

#### Q. You've made the cut here before and played here many times. When you play with these guys, what do you take away and bring back to your day job?

ERIC DUGAS: Confidence in my game for sure. I played with a lot of these guys on the Latin America Tour and seen them progress. Having seen them four or five years in a row, a lot more comfort getting on the tee. Bob is a good friend of mine from Massachusetts, so that was a good pairing this week. Going back there, it's fun to talk about inside the ropes with the membership and the staff. I'm excited for the next event.

#### Q. Eerie without the fans, obviously, for those two days and the different vistas you get on this golf course?

ERIC DUGAS: Definitely. You see a little bit of the Raynor design more so coming up 17, 18. You don't have depth

perception as they were talking about, so it's a little different hitting into some of those greens.

Yeah, it's a little eerie. Walking around Waikiki, it's got that same feel. We were just talking about that coming over here.
