Quick Quotes

Q. Eric, 67 today. Just get some comments on your round.

ERIC COLE: Yeah, interesting day. Quite a few bogeys and a double in there. Back nine was really good, other than that putt I missed on the last hole.

Other than that, overall good day.

Q. Talk a little bit about the next two days, especially compared to going back to last year with your last two rounds. You're playing so well at this golf course, just riding that optimism into the weekend.

ERIC COLE: Yeah, sure, I like the course. I feel comfortable off the tees and the greens are bermuda, which I'm use to putting on. So definitely feel good here.

Just need to clean up a couple of those mistakes and could be a good weekend.

Q. Last question: Just compare these two golf courses. Which is the toughest so far this year?

ERIC COLE: This one is much tougher. Yeah, much tighter off the tee. Kapalua, if you miss the ball, you know, you got a lot of room to still be in the fairway.

So here if you're in the rough it's very penalizing and definitely want to try and hit it straight here.
