## Scottie Scheffler

### Quick Quotes

**Q. First off, just want to talk about the neck pain and what you were experiencing out there.**

SCOTTIE SCHEFFLER: Yeah, I hit a shot on my second hole today and I felt a little something in my neck, and then I tried to hit my tee shot on 12, and that's when I could barely get the club back. So I got some treatment, maybe it loosened up a tiny bit, but most of the day I was pretty much laboring to get the club somehow away from me.

**Q. Any sense this was coming, any pain leading into tournament week?**

SCOTTIE SCHEFFLER: No.

**Q. Comments just on the round today --**

SCOTTIE SCHEFFLER: Yeah, I did what I could to kind of stay in the tournament today, and hopefully it'll loosen up and then I'll be able to make somewhat normal swings tomorrow.

**Q. The plan is to go get some treatment?**

SCOTTIE SCHEFFLER: Yeah.

**Q. Obviously Wyndham is playing, but you're right on his tail and a lot of golf left to play?**

SCOTTIE SCHEFFLER: Yeah, like I said, I did enough I felt like today to keep myself somewhat in the tournament, and so that's really all I could ask for. The way I was getting around the course, the way my neck was feeling, I didn't know if I was going to be able to continue playing, so yeah, good fight out there.
