Quick Quotes

Q. 67 on your final round here at WM Phoenix Open. Can you recap your round?

ALEX NOREN: It was a good week. Had my coach over for eight straight days, which was nice. I don't get to see him too often being on different continents, and we're working on some good stuff, I think. All I want to do is have a chance on Sunday, and I think I did today. That's what I'm playing for.

Q. What does this top-5 finish do for you heading into next week at Genesis?

ALEX NOREN: Yeah, just to build on and to know what's working under pressure, to know what's kind of tough under pressure. That's the idea; you find out things about yourself, what you need to do to play well enough to win. I think we've got a good team in my coach and my caddie.

Just going to work more.
