Quick Quotes

Q. Nice round today. What was working so well for you?

WYNDHAM CLARK: I definitely rolled the rock pretty good. I made a lot of putts. My iron game's been very good. When I've had a wedge in my hand I had a really good look at birdie. I've kept it in play off the tee. I would say everything's pretty solid.

Couple loose bogeys here and there. That's going to happen when the wind is blowing like this. The course can play pretty tough.

Q. How many holes did you play today?

WYNDHAM CLARK: 28 holes.

Q. Easy to lose track.

WYNDHAM CLARK: Yeah.

Q. What was the challenges this morning with it being cold and then when the afternoon shows up the wind laid down and it warmed up?

WYNDHAM CLARK: Yeah, so this morning obviously was very challenging. It was cold and windy. I had mittens and hand warmers and sweaters on. For about nine holes I didn't get rid of 'em.

Then, yeah, as we started my second round it definitely warmed up. The ball started flying farther. The greens got firmer. It definitely got easier because it wasn't as windy. So scoring conditions were a lot different from the morning to this afternoon.

Q. What was your best shot today?

WYNDHAM CLARK: I would probably say -- I mean, I made a really nice birdie putt which kind of got me going on the -- sorry, eagle putt on hole 3. It was a 40-footer that broke a decent amount. That got me to 2-under for the day.

From there I made a couple more birdies on the back. So that was my best shot.
