Quick Quotes

Q. Obviously didn't come here to finish like this, but the progression has been everybody who's made it this far continues to make it this far in the future. Is there at least some solace that you learn in steps at this tournament?

COREY CONNERS: Yeah, it's a format that I like, a format that I'm comfortable with, and definitely getting a lot of confidence the way I played this week.

Yeah, it's a fun format. Look forward to doing it again. I think definitely will have added confidence.

Q. 17, can you just talk us through that putt?

COREY CONNERS: Yeah, I've had the same sort of shot trick me yesterday where I hammered it way by. It's hard to -- kind of riding up a little bit when it first gets on the green, or so it seems, but it really doesn't go up much, and it just kind of never -- lost pace; same thing happened yesterday.

Q. Just talk about your game overall. You seem to be a guy who obviously can hit the heck out of it, just didn't put all the pieces together. Does it feel that way?

COREY CONNERS: Yeah, game definitely feels good. I feel like I made a lot of strides with my short game. Still hitting it very well, and chipping and putting as good as I ever have now.

And I feel like I've done a good job this week. Left a few out there today, but the course is tricky. But yeah, feel great about all parts of my game.
