Quick Quotes

Q. Can you just assess your round overall today?

CURTIS THOMPSON: Yeah, it's always a tough battle here at PGA National. I think the guys love it here. It's four rounds, hopefully four rounds for the guys, and it's just tough. It's a tough battle.

I was doing that pretty well up until the last couple of holes, but it is what it is.

Q. You got your KFT card here at this course in 2014 and your family and Lexi were out today with you, too. What kind of memories does that bring up or that you have of that and how you feel now.

CURTIS THOMPSON: Obviously a little bigger stage. I have great memories here. I've been playing here since I was a kid, probably since 10 years old.

It's a little more burnt out. It's a little faster golf course than when I played it, but still the same track. I love being here, love having my family out here. Hopefully I can put a good week together.
