## Bernhard Langer

### Quick Quotes

#### Q. Bernhard, your overall thoughts on the week?

BERNHARD LANGER: Overall it's pretty positive. I saw a lot of positive in my game. Just made a couple errors, a couple of three-putts, and yesterday bad wedge that led to a double bogey, and then one drive in the water.

A little bit here and there, just a little rust.

But overall I'm only three behind the winner. Could have easily had those three somewhere. Overall it's pretty positive.

#### Q. What were your thoughts on how Steve played today?

BERNHARD LANGER: He played extremely solid, never really made a mistake, he just kept the ball in play, hit good shots, and made a couple of good putts but had a couple other chances, too. He played really, really steady, just the way you're supposed to play around here. Hit a lot of 3-woods off the tee, but he's pretty long still, and yeah, gave himself lots of looks and never had any total stress to get up-and-down or anything like that.

#### Q. Looked like that eagle putt on 15 was going to fall and it didn't.

BERNHARD LANGER: Yeah, it looked like it was a little downgrain and it wasn't fast, so I don't know. That stuff happens out here quite a few times. My pace was off. Now that you mention it, three-putted one time after just making two good putts for birdie on 11 and 12 or something, and then I ran my first putt 12 feet by or 10 and missed the return. It's just strange. It's not me. Usually I have pretty good pace on the greens.

#### Q. What happened on the tee shot on 16?

BERNHARD LANGER: Well, I made a mistake. Actually teed it off on the right side, and as I was thinking I was

thinking maybe you should go over there and have a different angle and just pulled it five yards and the wind didn't touch it. It hit the fairway, but it trickled down the bank. Again, mistake I shouldn't be making. I should be teeing it off on the left side and play away from the hazard. It's just small things that add up. It's just rusty. Haven't played a whole lot, and it shows.
