## Ted Potter Jr.

### Quick Quotes

**Q. You made a lot of putts, 20 putts today. With as it all the putter or did you do everything well today?**

TED POTTER JR.: Yeah, I hit a lot of good iron shots today too to give myself good looks at some birdies. I had a lot of putts that didn't have a lot of break to them, so that helped a lot out there.

**Q. What's been the difference overall in your game this week than what you've been doing this year so far?**

TED POTTER JR.: Biggest thing is just finding more fairways I think this week it felt like. Yesterday I didn't really hit the ball that great and I struggled trying to find the greens. Today I hit the ball much better from tee to green, so and I had a lot of straighter putts than yesterday too on top of it.

**Q. You should be tomorrow in one of the last few groups. What are you hoping to accomplish tomorrow?**

TED POTTER JR.: Just go out there and try to play my own game and see where it adds up at the end. Try and hit a lot of fairways and if I can hit a lot of fairways I feel like my iron play right now is good and I'm starting to putt the ball well so I'll have a good chance if I can just find the fairway.
