Quick Quotes

Q. (No Microphone.)

KEEGAN BRADLEY: Today could be my best rounds of the tournament so far, I just didn't hole the putts that I've been making the first two rounds. But without doing that I still shot 69 and I'm still tied for the lead, so all good.

Q. Why would you say it's your best round maybe when the score didn't reflect it?

KEEGAN BRADLEY: It was playing the toughest of the three days today for our, in the afternoon. So, like those holes coming in, the greens really started to get firm and I hit perfect shots, every shot I hit was right where I wanted it. Whether it was 15 feet left of the flag or wherever, I really hit the ball nicely.

Q. Go to 14 tee, you're three back, what was the value of the finish of that hole to sort of take that through the rest of the way for you?

KEEGAN BRADLEY: Yeah, I mean, it was just -- I hit a terrible second shot in there and I got lucky to get down to where it was and we were thrilled where the ball was. And I had to land it in that fairway area and it landed and it was going right at it and hit the pin and went in. And it just gave me a little bolt of energy, which was fun, it's so great to have the fans out here, you can feel it again and it's a fun time to be out here playing.

Q. What do you take away from the last three days that you key on tomorrow in the final round?

KEEGAN BRADLEY: Yeah, I mean, I know I can do it, I know I've been up here and won some big tournaments in my career and I feel like if I go out tomorrow and stick to my process, I can have a chance coming down the end.
