## Seamus Power

### Quick Quotes

**Q. Great start 65, 68. Just a couple comments on what you're feeling is going right with the game.**

SEAMUS POWER: Yeah, you know, today probably wasn't quite as sharp as I was yesterday. Overall, kind of managing it pretty well and knocking in some chances when I get them.

**Q. What are you most confident with in your game right about now?**

SEAMUS POWER: My iron play has been pretty sharp, and driver is not as good as I would like it yet, but it's getting better.

And, yeah, I like the greens. I feel like I'm reading them pretty well. Most of the game is pretty sharp.

**Q. I know this is kind of a stupid question because your score is reflecting it plays well for your game, but how does it course set up for your game?**

SEAMUS POWER: I like it. It's easier off the tee I guess a little bit longer, but my irons, as I said my irons have been good, so I feel like get after a lot of pins that some other guys can't, and then my wedges and putting have been good the last two weeks.

All in all, feel like any time I tee it up here I'm going to have a pretty good chance.
