TPC Craig Ranch

## K. H. Lee

### Quick Quotes

**Q. A few comments about today and how you felt about your round today.**

K.H. LEE: I think pretty early tee time and I'm a little tired in the morning. So starting was quite tough first hole. But I make like seven feet putt, make a par, so that gave me some momentum.

Pretty good birdie putt and keep momentum well, so I think today my feeling like play well, so I very happy now.

**Q. Is the wind doing the same kind of thing as yesterday or is it a different wind today?**

K.H. LEE: I mean, yesterday's more harder, like more tough, but today the morning the first nine is not much wind and second nine a little windier, but sometime feels like against or just lateral or a little bit confused and that make it's more difficult to distance control. But, yeah, it's good.

**Q. After winning last year what is it about this course that you think suits you so well or what do you like about it?**

K.H. LEE: I think this course, I mean every course same, like driver well, iron well, putting well, but this course I think more especially irons well and putting well because a lot of guys make birdie or eagle, so I think more good iron shot and more easy make easy putt and then get lots of birdies. So iron and putting I think.
