TV Interview

Q. Scottie, there's so much that makes this week special. You just won your hometown event. You just tied the PGA TOUR scoring record, your son Bennett. You missed this event last year because this one was about to be born. What makes this win so meaningful?

SCOTTIE SCHEFFLER: This story means a lot to me. It's my first start as a pro 11 years ago. I had my sister caddieing for me. She's back there too.

It feels like a lifetime of hard work and sacrifice for little moments like these, and they're pretty special.

Q. They certainly aren't little moments. These are the big things. We have something for you. We thought maybe this would be good in Bennett's room. This is you as a 6-year-old with the man Byron Nelson. What do you remember from this moment?

SCOTTIE SCHEFFLER: He's a great man. He was great for the game of golf. He was a great person, a family man, and I'm proud to be the champion at his event.

Q. You made so many proud here, the hometown favorite. You did good, Scottie Scheffler. Congratulations.
