

Palmetto Championship at Congaree

Thursday, June 10, 2021
Ridgeland, South Carolina, USA
Congaree Golf Club

Tommy Fleetwood

Quick Quotes

Q. You mentioned driving it well today. Have you not been driving it well this season?

TOMMY FLEETWOOD: No, I think, yeah, I've struggled at times and I think especially when it's normally a strength that you rely on, like missing that is missing a big chunk of your game and today felt like -- this week I feel like I've been swinging it, I feel like I've been timing it better, been swinging it a bit freer and start lines, just dialing them in a little bit more. Today I did a really good job of it and hopefully I can keep that up. But it was just nice to like be in play all the time and having a chance to play the course from the fairway, it makes a big difference.

Q. Are you working on your swing or where are you with your game this season?

TOMMY FLEETWOOD: I am working on it. I'm still not where I would like to be, but I think definitely doing the right things and some really good things. And you have to, you just have to sort of have a good judgment of where you are and what is a success on any given day for you. Like I say today I feel like I swung it freely, felt like my start lines were good, drove it really, really well, felt like that was all a good win for me today like that. So I'll keep pressing forward and there's never a bad time to start playing well, so hopefully my time will come when I keep doing the right things.

Q. When was the last time you played in this kind of heat?

TOMMY FLEETWOOD: Yeah, this is warm. This is warmer than the two weeks I just spent in the U.K. But it's nice. Like I would prefer this to the alternative.
