Tommy Fleetwood

Quick Quotes

Q. Tommy, what was the difference today for you?

TOMMY FLEETWOOD: Not much. Putts on 2, 3 and 6. Just got off to -- I hit a good putt on 2 and then probably two sort of iffy putts on not my best, and that was it. Those go in, it's been exactly the same as every other day this week. I played really well. I felt great. I felt great coming down the stretch.

I mean, disappointed. Take the positives along with like the sort of disappointment, and the bit of motivation that you take from that to move on?

Q. How frustrating does it get when you've been on the cusp on the PGA TOUR so many times including three or four times in the last six weeks and you just -- it just doesn't happen for you?

TOMMY FLEETWOOD: It's better than being the other way. It's better than being nowhere near.

Yeah, of course it's frustrating, but I think I have to look at it in a positive way, be proud of the golf I'm playing and the work that we're doing.

Yeah, I'll keep playing the way that I have done, and again, so close today, and I think overall the performances even sort of when I've been in contention and in those last rounds, I haven't done loads wrong, and I'm feeling very, very comfortable. It's just trusting that it will happen and keep playing my game.

Like I say, it's easy to like be on a downer about it, but at the end of the day, it's much better than a lot of other scenarios.

Q. Happy to be out of this heat or soon out of this heat?

TOMMY FLEETWOOD: It's been warm, yeah. I'm looking forward to getting a dry tee shirt on after a shower, but it's

been a long, grueling week in terms of the heat and physically kind of draining. Happy to have put in a good performance, and yeah, we'll move on to sort of cooler climates.
