## Mackenzie Hughes

### Quick Quotes

**Q. I know it wasn't maybe the start you wanted to the day, but you recovered toward the end there. What did you see from the course?**

MACKENZIE HUGHES: Yeah, course was playing I thought quite a bit tougher today. It was blustery and I would say every part of my game was just a tiny bit off. Like it was, like I had three, four drives that were a step into the rough and I really had a hard time on the greens. I didn't make hardly anything. I hit lots of good putts that just didn't want to go in. So just one of those days.

**Q. You had stirring ovations from the fans on 16, 17 and especially 18 there. What's that mean to you?**

MACKENZIE HUGHES: Yeah, it's awesome. Doing it with Mike and coming up those few holes you could feel tons of energy there, which was really cool. I would have liked to have finish a little better, but obviously it was really cool.

**Q. How do you compare what you faced out there today, both the course conditions and the atmosphere with what you would normally face like at a major like you will next week?**

MACKENZIE HUGHES: Yeah, conditions-wise everything that it was today it will be next week. Put the ball in the fairway, control your shots into the greens. And it was a really good test today. I wasn't up for the challenge, really, I just was off with just about everything, but hopefully two more days and get the putter heated up.
