Sunday, June 12, 2022

Toronto, Ontario, Canada

St. George's Golf & Country Club

Tony Finau

Quick Quotes

Q. Great week capped off by a really nice putt there on the 72nd hole. If you could recap the week for us.

TONY FINAU: Yeah, I felt like I was in good form coming in. Played really nicely all week. Knew I was going to have a chance to win today if I just kind of stuck to my stuff. And I did. We were within one there going to the last couple, so I knew I had an opportunity in front of me.

But Rory played great, he closed it out and hat's off to him on a week like this. That's fantastic playing on the weekend. I played great, he just played a couple shots better.

Q. How much does this do for you heading into Boston?

TONY FINAU: This is big. I'm looking forward to next week. Never seen Brookline. But any time you're coming off a good solid performance no matter what you place it always gives you confidence. So it definitely has given me confidence this week. My game is sharp and I'm looking forward to seeing the golf course next week and getting after it.

Q. Finally, just some thoughts on Canada, the fans, how kind of electric this whole week has been because of being where you are.

TONY FINAU: They were definitely ready to get after it this week. The fans were crazy. It was a pretty electric there on 16 in the Rink. That's pretty unique. It's going to be a cool thing for them for many years to come.

It was great to be back. I really enjoyed Toronto. I think they have some of the best food in the world and being a big foodie it's been a great week for me on that end too. So I love being back in Toronto and the fans were fantastic throughout the week.
