Myrtle Beach
CLASSIC

Q. Another solid round today. How would you characterize it out there?

JORGE CAMPILLO: Well, it was a good finish, great way to finish, actually, and I played all right. I missed a few three-footers out there. I hate missing those, but I guess putting has been good for the first two days. Not so good today. But again, the driving was okay and the irons were great today, so it was a good day.

Q. As of right now it seems like you're still only three back. It seemed for a minute there Chris might have been running away with it, but you're still in great position.

JORGE CAMPILLO: Yeah, definitely. Still 18 holes to go. It's never easy to win a golf tournament, and I like my chances. Obviously I have to play great. I cannot make any mistakes, and I have to keep playing like this.

Q. What was your expectation maybe coming over playing the PGA TOUR full-time this year? Was it a matter of, hey, let's go out and keep the card for next year? What were your expectations?

JORGE CAMPILLO: I just come here and enjoy the experience really, have fun. Really didn't think about anything else. I never think about keeping my card, winning tournaments, nothing. Just try to enjoy the experience, and so far, so good.
