Miami, Florida, USA

Trump National Doral

## Si Woo Kim

### Quick Quotes

#### Q. How would you assess your round today?

SI WOO KIM: It was a good round. Especially this wind it was really tough the last few holes. Like tough to hit it on the fairway off the tee. Yeah, other than it was good round and then I putted good. So looking forward to tomorrow.

#### Q. What was the toughest part of the conditions today with the wind?

SI WOO KIM: I think the fairways are too firm and then kind of a lot of doglegs. So it's hard to hit the fairway. And then I hit a lot of bad shots off the tee, so especially that's why I feel like more tougher here. But, yeah, it's always right miss where I miss it today, so it's a little bit easier than the opposite side.

#### Q. Knowing that you'll be four, five, six shots back going into tomorrow what's your main focus as you play the final round to hopefully get a little closer to Cameron?

SI WOO KIM: Yeah, he's playing really good, so I just got to do my golf and then just got to do as many as I can to try to birdie. Other than that, nothing I can do. So I try my best tomorrow, yeah.

#### Q. Do you feel like you have to be more aggressive or with how tough this course is you can't really do that?

SI WOO KIM: I don't think so. I'm just going to play my golf and especially this course is, if you try to force it, I feel like I'm going to shoot 80. So try not to force it too much. Just take care of the par-5s and then sometimes you got to go save, sometimes you got to go at it.

#### Q. There's a lot of rain in the forecast for tomorrow. How do you think that might change the course out there?

SI WOO KIM: I think it's, off the tee, it will be easier, because you get a little less firmer, definitely that helps to hit it easier off the tee. Other than that, I don't know,

CADILLAC  
CHAMPIONSHIP

especially I hit a the rain, so I don't know. (Laughing).
