## Scottie Scheffler

### Quick Quotes

#### Q. How would you characterize the day today?

SCOTTIE SCHEFFLER: I felt like I couldn't really get anything going. I was hitting it decent enough. Just putts were going kind of around the hole. Tough to get a lot of momentum. I hit it pretty nice to start, just didn't hole the putts I needed to.

Got kind of a tough break there on 7. Landed almost in the fairway and then you can't even advance the ball more than 50 yards. That's kind of tough. Not many spots on the course where that happens, but it happened there. Ended up making bogey there.

Birdie 8.

Then make a little bit of a sloppy bogey on 9 where I felt like I hit a good bunker shot and a good putt and just little stuff like that. Just didn't really get enough momentum going. Wasn't hitting it close enough and wasn't holing those 15- to 20-footers when I needed 'em. Overall, some good takeaways from this week. Cam played fantastic golf all week. I played with him three out of the four days and he was hitting a lot of quality shots and making putts from anywhere. He was going to be to be a tough man to beat this week.

#### Q. What were you most happy with your game as you head into an off week, and what is your off week going to look like this week before the PGA?

SCOTTIE SCHEFFLER: Go home tonight hopefully and get ready for the PGA. A lot of positives. Some stuff I can clean up, but overall definitely some positives from the last few weeks.

#### Q. You played with Cam three of the four days, what impressed you the most about what he did this week, and what he's been doing the last eight, nine months?

SCOTTIE SCHEFFLER: I've always been very impressed with Cam's game. Every time I played with him throughout -- I mean, I know him a long time. Every time I've played

CADILLAC  
CHAMPIONSHIP

with him I've always been impressed with his game. This week he hit a lot of quality shot. A lot of quality iron shots, quality tee shots, especially on the holes where it really matters. There are some tee shots out here that are really difficult and he stepped up and hit the shots. On the greens he was unbelievable this week. First 27 holes I don't think he missed anything really. It was nuts. Guy was just holing everything. When you're hitting really good shots and holing a lot of putts that's a recipe to run away with a golf tournament.
