THE MODERATOR: Questions, please.

**Q. Last year in this same tournament, you lost against Tsitsipas. What did you change or evolve in your game to beat him today?**

JANNIK SINNER: You know, especially when you're young, in one year you can do a lot of things. I think I have improved, yeah, everything. You know, especially the serve. The serve today, I served a little bit better, changing rotation and everything.

You know, there is not like one exact point, but I think everything a little bit. So, you know, playing against him is never easy. Last year was like, you know, my first test against -- for me, there was, like, the first time I have played against a top-10 player. It was a little test.

And like today I knew that I have the level to compete better against him. Yeah, obviously it was a great match, and I'm very happy.
