THE MODERATOR: Questions, please.

Q. Tough luck out there tonight. Are there some positives you can take away, either from the match or from your week in Paris?

STAN WAWRINKA: Yeah, I think from the week there is some positive for me, from my game, from the level. I think it was great to play a few matches at the highest level than I played last few months. Playing Zverev, playing Rublev, playing Evans, Paul, I feel that I'm playing better. For me that's what I needed to get more matches at that level.

Tonight had some chance, I didn't play the way I wanted, didn't find my game. I didn't stay calm when I could turn the match, and, yeah, that's why I lost.
