Press Conference

An interview with:

LORENZO MUSETTI

THE MODERATOR: Questions, please.

**Q. Your thoughts on getting in? Also, do you think Novak should have made a decision a lot earlier than he did about electing to play or not to play? What was your immediate reaction when you found out?**

LORENZO MUSETTI: Well, I think Novak, he was completely in the rules of the ATP, of the tournament itself. Of course, I think the strange situation was that he was playing literally the week before the Masters. That could be a little bit strange for a player who is already qualified. But that's the only thing.

Of course, when he told me at the net after the match that he was not coming, honestly we had a laugh about it. I was curious all week. I was curious if he was coming or not.

Of course, I was trying to focus on myself. I think I made a good work at that, even if I didn't win the final.
