Q. I think you had only played six tiebreaks before this week and you've already played six tiebreaks in two matches, so I'm just curious, with the shortened format, how much you like all the tiebreaks and the excitement of those situations.

HUGO GASTON: Yeah, I play two matches, I play a lot, a lot of tiebreak. That is the format of the game, but it's nice, it's different. Yesterday it was favorable for me, but today it wasn't. But that's life. But it was a great battle against Lorenzo, I'm a little bit sad, but I'm fine, I'm good. And then tomorrow I have one more match, so we will see what I can do tomorrow.

Q. I know it was a tough one for you, but with all the rules that allow the fans to be so loud and walk around and everything during the match, how much do you enjoy the atmosphere of this event, even if it was a tough one for you today?

HUGO GASTON: Well it was nice. It's different. The atmosphere was pretty good for Lorenzo, all the crowd is for him. But it's nice also to play like this. Last week it was with me in Paris and today it was with Lorenzo. But it was cool, it was a really nice atmosphere and it's nice to play here, yeah.
