THE MODERATOR: Nikola, how did it feel to make your debut at the Davis Cup with a win?

NIKOLA CACIC: Yeah, it was great. I play with my close friend in my debut in Davis Cup. I felt great on the court. I mean, actually I didn't play my best tennis, but I had big support on the court from Filip and also big support from my team, my captain on the bench.

Luckily we find a way to go through. I'm really happy to win today.

Q. Captain, talk to us a bit about the day and how important was Dusan's victory today, the first one?

VIKTOR TROICKI: First of all, I would like to congratulate my players. They were the ones that made a win today. First of all, tough match. At the end he made it through. Novak, as expected from him, like always, he did a great job. Really solid performance. Great tennis. Of course, he helped us secure the tie.

Also very important match, important doubles. First time in Davis Cup team, Nikola performed great, even though he's very experienced doubles player. Also teamed up with his friend Filip. Also Filip's first Davis Cup win in doubles.

I'm really proud of them. They performed great. I'm hoping this form and everything continues on to the next matches and tomorrow's match against Germany.
