THE MODERATOR: Questions in English.

Q. Pablo, it was an extraordinary day. Have you ever had a day like this? How are you feeling right now?

PABLO CARRENO BUSTA: So did not expect anything like this, but obviously I'm very, very tired. But I think it was very, very important for us to win the three matches today.

I tried to do my best all the time. Probably at the beginning of the singles match, I suffer a little bit because he plays very good level, and I was a little bit nervous. But after that, I think that I played much better. Well, he also plays at the end of the match very, very good, and I could win the match was very, very important.

Then now in doubles, also we start unbelievable, returning and serving, and then he tries to push more. After that, suffered until the end.

Q. What was the reason why you stepped into the doubles? You ended up spending more than five hours on court. Just wondering why you...

PABLO CARRENO BUSTA: Yeah, we had very bad luck this week. Roberto injured. Carlos yesterday in the last moment, COVID. (Indiscernible) arrives two days ago. He practiced just two times. (Indiscernible) this morning. He couldn't practice.

Feli was a little bit tired after his match, and, well, I was 100% to play in doubles. I know the important of this point

of win 3-Love, and I tried to do my best.

Q. Sergi, just one for you. Obviously been a very challenging week, as Pablo described there. Can you talk about how proud you are of your players today?

SERGI BRUGUERA: I'm very proud, as usual, because all the years I have been captain of Spanish teams, my players, they give 110% every single match and every single day. Even for the practice is the attitude (indiscernible) I cannot ask for more the practice.

Also, outside of the court, companion, helping one to each other. Every time I was (indiscernible) is like this. They fight until the end, they give 110%, so I'm always, always proud.
