THE MODERATOR: I'd like to know, in your opinion, Laslo, what was the key for the victory today?

LASLO DJERE: Obviously I'm more experienced than him, and I think that helped me. That was probably one of the key factors.

On the other hand, we know that pretty much we have to win 3-0 today in order to advance to Malaga. I was really determined from the beginning. Not just me but the whole team.

Yeah, I could definitely feel the pressure, but I knew what I have to do. I played a really solid match from almost the beginning maybe except the first game. I was really focused, composed, and happy that I got the win in two straight sets.

THE MODERATOR: As you said, you need to win 3-0. Did you really feel the pressure to start the tie, to be on court?

LASLO DJERE: Yeah. As I said, I felt the pressure. We have to go match by match. We were successful in the first one. Now hopefully we will be in the second one, Misha against Felix, and then the third one. But we are just trying to focus on the next one.
