Press Conference

OF TENNIS®**

THE MODERATOR: Hello, everyone. We will start the press conference with Team Germany. Questions in English.

Q. For everyone. How do you feel about the incredible success of your teammates at the ATP Finals? And if that gives you confidence as a team?

JAN-LENNARD STRUFF: I believe we are all very happy. I mean, it was amazing to see these two guys have so much success. We are so happy for Tim and Kevin, because, yeah, they are good friends. It's just great, great emotions to see.

We were following. Yeah, we are very happy to see them soon. For sure it will give us a push. They are incredible team. They really deserve this.

Yeah, we are very, very happy.

Q. Do you feel a different pressure as being the first individual singles tennis player for Germany in this event?

JAN-LENNARD STRUFF: It has been many years I played. I played at position No. 1. I played at position No. 2. It's just the order you play, I would say.

We're a great team, and we give all, everything, and have great support from not only the players, just the whole team. It's always incredible these Davis Cup weeks. Very pleased and honored to play for Germany again.
