THE MODERATOR: Yaroslava, Kazakhstan started strong yesterday, and you were so close for the first point in this tie, and probably it could have been a great point to get you through. How proud are you of your team and this finals?

CAPTAIN SHVEDOVA: No, the girls already showed great matches and great fight yesterday. Today was a very difficult day, very strong opponents and experienced opponents. The girls fought till the end.

There was two close matches, and they showed everything they could in the match, and even they played in the doubles and they were much better in showing a nice game.
