ELENA RYBAKINA: Of course I'm very upset that I didn't win this match, because it was very close. I think we both played really well. It just some moments I didn't serve well, some decisions.

But in the end was good match, and we will stay, hopefully girls are gonna play good now doubles and we will see what's gonna happen tomorrow.

But overall I think it's good experience for us, first time we are playing in the main groups. In the end, I think is just good experience for us and something to take for the next time.
