THE MODERATOR: Questions, please.

**Q. My question is were you surprised about the fact you were playing against Bronzetti who never played a single in Billie Jean King?**

MAGDA LINETTE: No, wasn't really surprised. We actually thought that the possibility, yeah.

**Q. Unlucky today. That second set got so close. Can you talk a little bit about the mindset that you used to get back from 4-1 down?**

MAGDA LINETTE: Yeah, I felt I was a little bit either not hitting, and when I was trying to be aggressive, I was missing. So then I just tried to, you know, tried to just get a little better quality.

Finally I started to get a little bit of a better rhythm and started flow a little bit more. Then it was just starting slowly to look a little bit better.

I felt like I was, like, struggling and, like, trying to find the balance between two completely opposite games, and then it took me just too long to find it.

**Q. Did you feel the effects at all from the first match that you played here earlier last week? Were you feeling that in your body? Because obviously it was such a long match.**

MAGDA LINETTE: I mean, obviously a little bit, because also we finished the other day also pretty late, so of course a bit.

But, yeah, that's life (smiling). That's tennis life.
