Q. We saw that you played with a patch in your calf. Are you feeling okay? How are you feeling physically?

CAROLINE GARCIA: Yeah, the match was very long today. Yeah, I had a little something on my calf since two days. Obviously through the match it was good enough to play. I will do the best to recover. You know, the season is long and it's a lot of tournaments. Sometimes the body is not always perfect, but it's part of the tennis.
