THE MODERATOR: Questions, please.

Q. Unfortunately you didn't get the win today, but still a brilliant achievement. How are you feeling now that the tournament is concluded?

KAIA KANEPI: I don't know actually because there is another tournament starting on Tuesday, so I don't really feel that something has ended. We start playing in same place, same venue. It's a bit different feeling than after normal tournament. After you lose, you travel somewhere.
