THE MODERATOR: Obviously a tough result today, but a great performance here in Perth. Can you talk about the United Cup experience.

ZHENG QINWEN: Yeah, actually was a great experience for me to play in the United Cup. Everything was new. If you talk about performance today, actually I wasn't so happy about my performance. Generally I play not bad here. I enjoy a lot the time with my Chinese team. I mean, that was fun, together.

That's all what I can say. Obviously right now it's time to prepare for the next tournament. Yeah, let's see.
