THE MODERATOR: Not the best day today, but what do you take about this match and what do you take with you?

HUGO DELLIEN: I think not the match, but all the week I am really happy to win the first round, to play today very good because I think I have too many chance to won one more set or maybe the match against Khachanov. He is 21 or 24. I don't know. But he's a very good player and too many times to don't play with these guys or this ranking and I think the week is still positive for me for the future.
