**Q. How pleased with a 3-under par 67? That back nine was playing tough, wasn't it?**

TONY FINAU: Yeah, it was. Played pretty hard. 15, 16, 17, I thought those holes were playing pretty tough with the wind down the stretch. I was quite happy to birdie the last hole. Always gives you a good feeling finishing a round.

**Q. You've only dropped one shot over three days. What's the secret?**

TONY FINAU: I've hit it nicely. I haven't put myself in harm's way. I've hit most of the greens and when I haven't, I've been able to salvage par and get up-and-down. It's been pretty solid through these first three days and hopefully continue that tomorrow.

**Q. What kind of performance will get this done tomorrow? What kind of number do you think you need to win tomorrow?**

TONY FINAU: I think probably somewhere around 65 is what we're looking at. I think 15- to 16-under is probably a good number to shoot for tomorrow. You never know what the conditions are going to be like but I reckon one or two guys will start pulling away right around that. Be aggressive tomorrow. That's all there is to it.
