## Victor Perez

### Quick Quotes

A Rolex Series Event

**Q. 5-under par round of 67. What did you do particularly well today?**

VICTOR PEREZ: Well, as always on these tough courses, tough pins today, they really put up a good setup with some of the pins, three, four from the edges, some pins that -- I've only been here one year. Chip has been here a few times and he still didn't see some of them. It was just about holing a few good putts, driving the ball well, doing everything fairly well but obviously making a few putts, which you need those type of days.

**Q. The 14th, your first pitch didn't come off and then you took out the fairway metal and ran it up the hill. Tell us about that one.**

VICTOR PEREZ: Yeah, it was more about the second shot really. It was about 285 yards from the hole and we thought about laying up but then I felt quite comfortable maybe hitting the front bunker just right. Came up left, left the first pitch short, obviously, which I did with a 3-wood and then holed the second one, which is obviously fortunate. I was really trying to hit the first one 15 feet long and take my medicine and came up short, so it was obviously a good bonus because I could have easily walked away with 6 and the round might not have ended up the way it did. But very pleased, and those things happen, and we'll take them.

**Q. You mentioned the difficult pin positions. Did that change your course management? Did you get a little bit more aggressive and still chase them or were you a bit cautious to these dangerous pins?**

VICTOR PEREZ: I think it depends. In the position I'm in, I have nothing to lose. I have everything to gain. So for me it's really a going-for-it mentality that I have to keep for four rounds. Obviously you still have to play proper golf and hit the right shots and sometimes take your medicine, but again, I have really nothing to lose, and it's a matter of making a lot of birdies.
