Quick Quotes

JORGE CAMPILLO: I hit two great shots on 1, driver and 9-iron just over the pin and didn't get up-and-down. It was a tough start.

After that, I played solid and I putted great, so it was a great day of putting. Too bad I missed the last one on 18 but it was a great putting day overall.

Q. How much do you enjoy the challenge of this golf course?

JORGE CAMPILLO: Well, I just enjoy playing golf like this, really. So whenever you play like this, no matter where you are, you enjoy, especially in this weather. Basically golf course is good. Greens are great, and you have to hit the ball good to play good, as well, so I think it's a good course.

Q. How important would you say that momentum is on a golf course like this?

JORGE CAMPILLO: Very important. The game of golf has some of that, I guess. I got myself three birdies in a row and got my round going, so I guess I got momentum going with me. The game was solid. I just needed a good day of putting and today was a great day of putting.

Q. Heading into the weekend in a fantastic position, what will be your approach to the weekend?

JORGE CAMPILLO: I guess keep playing like I am. I know that the odds are not with me and people will think I have no chance of winning, and even myself sometimes. You never know. You've just got to play and try to keep playing like this.
